

Dear Members,

In light of the current COVID-19 (Coronavirus) outbreak, we have not been able to deliver fully on UWEAL mandate as promised but your safety and wellbeing are our priority. UWEAL is in support of the Government, Ministry of Health's guidelines to prevent and mitigate the risk of its spread in Uganda through information sharing. Let's follow the guidelines below as stipulated by Ministry of health, and we will be able to fight Corona Virus together.

PRESENTATION IS BETTER THAN CURE

Wash your hands often.

If soap and water are not readily available, use a hand sanitizer that contains at least 60% alcohol.

Avoid touching your face.

Your eyes, nose and mouth are common entry points for germs.

Avoid close contact with people who are sick. Stay Home.

Also, be more restrained in workplace physical interactions (e.g., consider skipping handshakes).

Cover your mouth and nose when coughing or sneezing.

Use a tissue or your sleeve (not your hands).

Clean and disinfect frequently touched objects and surfaces.

At work, think about desks, computers mice and keyboards, thermoses, telephones/cell phones and door handles.

Note: We shall be working remotely at home until the situation improves.

We regret these unplanned changes in the programme. This is due to circumstances completely beyond our control.

Thank you and best wishes.

Connie Kekihembo
Chef Executive Officer, UWEAL
